

## Membership List and Dues Status

(As of January 30, 2025)

If the year to the right of your name is 2025 or later, you are paid up and current on your dues. The letters FYF indicate "First Year Free, and the year immediately to the right of those letters indicate the year that you initially joined the Association without having to pay any dues for that year. Additional years following FYF preceded by a plus (+) sign indicate years for which dues were paid. You are up to date through the most recent year following FYF. If nothing appears to the right of your name in the "Dues Paid Through" column, or it is a year prior to 2025, you are NOT current with your dues. Life members are always considered current with their dues. Numbers to the right of "Life" indicate the order in which life memberships were issued. If you have a question about your membership status, e-mail Michele Allston at [membership@fwsretirees.org](mailto:membership@fwsretirees.org). There are currently 2,467 individuals or couples in the membership database.

First Name	Last Name	Dues Paid Through
